

Custom-made Italian Leather Shoes for Men

## Custom-Made/Virtual Design Program

Cru Nonpareil shoes are manufactured exclusively in Almansa, Spain. Starting from the selection of calf (Crust Calf), Shell Cordovan, and exotic skins sourced from the best tanneries to the polishing of already finished shoes, each step in the production process is performed through the work of the best craftsmen in Spain.

Our partners in Spain need approximately 4-6 weeks to make a pair of custom-made shoes to your specification. Our main objective is to ensure that high-quality products created by our partners can serve their owners over many years. You can place your order by visiting us at our address, or by contacting Cru Nonpareil via email at [kenwinsmall@crunonpareil.com](mailto:kenwinsmall@crunonpareil.com). Once the shoes are ready for delivery you can pick them up at #4 Sparrow Avenue, 6th Avenue, Barataria (Trinidad and Tobago customers only) or we are pleased to send them to your home or office by DHL Express. Cru Nonpareil ships worldwide for free.

If it is not possible, please email us and let us know the size you usually wear (referring to the size you wear from other dress shoemakers helps a lot).

## Last

Each shoemaker works with their own last – our partners in Almansa, Spain use 4 different last shapes. The last has been tested and improved based on the shoemakers' own experiences and the needs of their customers for many years. Each one of our last has its unique character that defines them from the traditional to the contemporary. (See last and sizing guide document)
